Permanent Events Board Meeting 11th April 2018

1. Validation & Recording

First six months (winter) of 2017/8 season

2,578 Perm events have been validated and recorded. 1,803 were DIY events, which is a higher proportion than expected overall, but consistent for the winter half of the season. 194 ECEs have been recorded

The monthly spread is surprisingly consistent (until March) given variability of weather and daylight hours (better lights and warmer clothes?):
Oct 477 / Nov 493 / Dec 404 / Jan 412 / Feb 452 / March 340

As in most years winter rides do not include many long distances:
BPs 727 / 200km-1761 / 300km-59 / 400km-17 / 500km-3 / 600km-10 (and this included one ride around the hilly 'Brimstone' on days when I balked at riding to the local shops) / 1,000km-1 (an October 1,400km DIY)

2. Super Randonnee (600km SR) events

One SR event (Tourist and Randonneur versions) has now been set up and published in the AUK calendar (Cambrian SR organised by Colin Bezant). A second event is under discussion.

3. OCD

Badges and awards recognition to raise the OCD profile were approved at a previous Board meeting, but so far have not been actioned by OCD organiser (Rod Dalitz)

4. Perm Event Income / Expenditure
