Calendar Events

There has been a slight reduction in the number of events overall in the 2017/2018 season with a fall in the number of Brevet Populaires but an increase in BR/BRM events. However, all these variations are of a few percentage points and not statistically significant.

A bit of snow

Red and amber severe weather warnings across large parts of the UK caused a cancellation of a number of events on the weekends of 3rd/4th and 17th/18th March. All 6 calendar events on the weekend of 3rd/4th March were cancelled and 11 calendar events scheduled for the weekend of 17th/18th March were cancelled. All events were either rescheduled or the riders were given the chance to ride the events in a 2perm style" over the following 30 days.

Currently, the decision to cancel events rests solely with the event organiser.
