Events Secretary Report for meeting 09.10.19

I am slowly getting my feet under the table. Two people have expressed an interest in taking over my delegate role (SW & Wales). As only one (Andy Cox) has responded so far to my request for a brief resumé I think he will be appointed.

The BRM lists for ACP will be completed this week. I am in touch with Francis to resolve any technical issues. Contact with Martin has been sporadic, I assume he is busy with other things. I could do with a briefing from him at some point.

Otherwise, events publication is going as normal. Andy Uttley has agreed to run the Easter Fleches next year.

In the fulness of time I would like to examine the way we enrol new organisers. I don't think the current system works well.

I shall be arriving sometime around 11pm tomorrow.

Ian Hennessey
