

Calendar Events

As can be seen in the table below the number of calendar events year on year continues at a constant level. The distribution of events at each distance also remains remarkably constant. We do have the highest number of events at each distance for 300, 400 and 600km outwith a PBP qualifying year which perhaps reflects a growing enthusiasm for longer events.

	BP	BR/ BRM	200	300	400	600	>600	Total
2016	315	221	147	34	23	16	2	536
2015	310	223	151	36	20	16	0	533
2014	310	219	158	31	15	13	2	529
2013	317	215	160	28	15	11	1	532
2012	317	215	159	27	18	10	1	532
2011	311	245	167	32	24	22	0	556
2010	322	211	148	21	25	16	1	533
2009	317	200	146	23	14	14	3	517
2008	320	195	144	25	13	12	1	515
2007	339	219	159	27	18	15	0	558
2006	364	211	151	28	18	13	1	575

I've also produced a series of maps which I've attached in an appendix which shows the distribution of calendar events throughout the UK categorised by event distance.

National 400

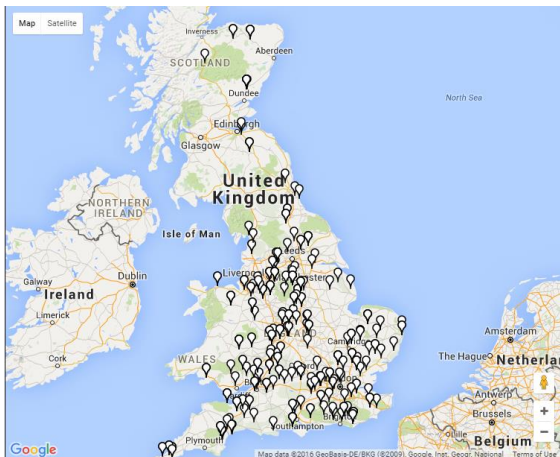

Discussions are still ongoing to find a suitable venue/organiser for the 2017 event.

The National 400 2016 takes place next month at Biggin and is organised by John Perrin of Peak Audax CTC. Entries currently stand at approximately 90 riders.

London-Edinburgh-London 2017

Preparations for LEL next year continue to progress well under the organiser, Danial Webb. I'm also intending to attend the next LEL controllers' meeting in October 2016

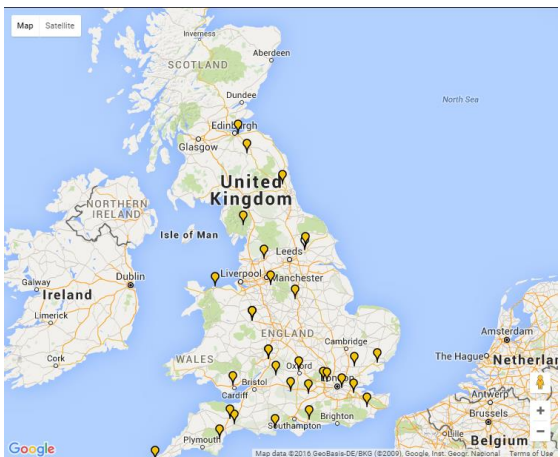

Appendix – Distribution of calendar events by location (1/10/15 to 30/9/16)
